President's Message

Hello! First, let me say that it's been a whirlwind of activity since stepping into the role as President of SFSC. I appreciate everyone's patience and understanding as we continue to move through this transition process. There is quite a lot to learn and a new language to understand, but I am surrounded by many experts and professionals who are assisting me along the way. Thank you all for the support!

We have a dynamic and energetic Board of Directors at SFSC and I am grateful for their willingness to participate so actively. We still need 1 member, due to a vacated position, to round out our team. If you are interested or have any questions, please seek out a Board member to get information. Board member names and contact info are listed on the second page of this newsletter.

There have been several rumors floating around regarding club money. We know this is a sensitive subject and have been doing our due diligence in finding out as much information as possible. In an effort to understand all pieces to this complex puzzle, we have spent the last 4 months doing extensive research. Research with our accountant, research in our archives, and research with our long-standing members. We have discovered we have opportunities that we may not have known or had in the past.

The Board is planning to take an even deeper dive at our Board Retreat in November. We will focus on strategic planning for the club, budget possibilities and our next steps. This information will all be brought forward to club members in January for review and decision making. If you have questions or suggestions for discussion for the Board retreat, please let me know!

Our club undertakes many responsibilities and activities over the course of a year. I would encourage you to participate when and where you can. Many activities are great opportunities for you to get to know other skating families— which is always loads of fun! Communication is key in a club as large as ours, which is why we started using the Remind app. "Just in time" info will be distributed through the Remind app. Don't miss out on vital information! Please see Emily Dockter or myself if you need assistance.

I hope you will reach out to me with any questions and I am happy to assist you. I am generally at the rink 4 days a week (Monday, Wednesday, Saturday & Sunday) and I am happy to chat with you! Just let me get my kiddo on the ice and you will have my full attention.

I look forward to an exciting year of fun and growth for SFSC!

See you at the Rink,

Buffy
